**DETAILED ACTION**

***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-8 are rejected under 35 U.S.C. 102(b) as being anticipated by Meyers et al. (US 4,287,704).

Meyers discloses manufacturing packets comprising applying adhesive to a portion of each blank by nozzle 34 (figure 10); placing the plurality of folded blanks in at least one stack (figure 21); removing one blank from a stack A and folding/assembling the packet.

Regarding claims 2-5, it is inherent that before the final closure of the container (step of claim 2) in the carton that first through fourth tabs will be moved inwards towards the opening after inserting a product; see figures 9 and 20 (note also locking flap in figure 9).

***Response to Arguments***

3. Applicant's arguments with respect to claims 1-6 have been considered but are moot in view of the new ground(s) of rejection. The argument that Meyers erects the packets and thus does not disclose placing folded, flat blanks into the magazine is not persuasive. Meyers teaches erecting the cartons in a "prebreaker" and subsequently

breaks them down, inserts them into the magazine, pulls them out of the magazine with vacuum draw down cups 294, and erects them for filling; see column 12 lines 36-42 and lines 63-68.

### ***Conclusion***

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
